

# CHRISTOPHER WATHES TRAVEL AWARD 2026

The award must be used for travel, accommodation and registration to attend BSAS 2026 | York | 14-16 April. The award may be split to offer more than one bursary. This award specifically supports studies involving animal welfare, precision livestock farming, design of animal housing or ethical considerations relating to the use of animals. To enter you must have submitted an abstract to the conference and provided a short video presentation stating why you should be considered for the award.

For more information about BSAS Awards:  
[www.bsas.org.uk/awards](http://www.bsas.org.uk/awards)

The evaluators will assess your presentation based on these key factors:

- excellence of your submitted abstract
- relevance of your studies to animal welfare, precision livestock farming, design of animal housing or ethical considerations relating to the use of animals
- how the award will enhance your studies or a project you are working on
