

**Gene editing
farm animals:
the facts**

.....

Mercure Manchester Piccadilly
7th November 2024 | 10:00 - 15:30

bsas
british society of animal science

The image is a promotional poster for a BSAS event. It features a blue and white color scheme with a DNA double helix on the right. On the left, three hexagonal images show a cow, a sheep, and a pig. The title 'Gene editing farm animals: the facts' is in large, bold, black font. Below the title is a dotted line. The event details 'Mercure Manchester Piccadilly' and '7th November 2024 | 10:00 - 15:30' are in bold black font. The BSAS logo is in the bottom right corner.

Session 6: Industry Case Study

Speaker: Craig Lewis | Pig Improvement Company

Bio

Dr Craig Lewis was raised on a family farm in Herefordshire. He has advanced degrees in Animal Behaviour/Welfare and Animal Breeding/Genetics, including a PhD at the Roslin Institute, University of Edinburgh, after undertaking a research position in Australia. Craig currently oversees Genetic Dissemination for Genus PIC in the Europe/Middle East/Africa region working with pig producers from developing farmers in Africa to multinational integrated food businesses. He is also the current chair of the steering committee for the European Forum for Farm Animal Breeders (EFFAB)
