21-22 NOVEMBER 2025**

EQUINE CONFERENCE 2025

A two-day, multidisciplinary equine conference. Designed for scientists, professionals and horse owners alike, this conference will cover the many aspects of equine science and practical horse

Uniting science with hands-on practice in horse care, this conference will delve into vital subjects such as nutrition, rehabilitation, behaviour, welfare, health, genetics, and horse/rider performance. Through a blend of scientific presentations and engaging workshops, we aspire to connect cutting-edge research with practical implementation for all participants.
